

PRACTICAL 1

Install Selenium IDE; Write a test suite containing minimum 4 test cases for different formats.

Steps:

1. Search and Download Selenium IDE
2. Click on selenium ide icon on toolbar->Add a new test case -> start recording->search for something(eg:images of car)->then select click browse ->stop recording ->save as html document->go on selenium and execute this test
3. Click on test suite and add all the test in suit and save as html document

Selenium IDE

Selenium IDE is a Chrome, Firefox and Edge plugin which records and plays back user interactions with the browser. Use this to either create simple scripts or assist in exploratory testing.

Download latest released version for [Chrome](#) or [Firefox](#) or [Edge](#). View the [Release Notes](#).

Download previous IDE [versions](#).
